& ALUMINUM WORKS

VILLANUEVA

TUBIGON, BOHOL

A SMARTER WAY TO MANAGE QUOTATIONS

Web-based Product & Quotation Management System

React + Laravel + MySQL

FINAL CLIENT PRESENTATION

Flor Glass & Aluminum Works

CLIENT CHALLENGE

From manual inquiries to organized requests

THE CHALLENGE

Product inquiries arrive separately.

Quotations need clear tracking.

Customers need status visibility.

OUR SOLUTION

Browse products online.

Submit structured quotation requests.

Track pricing and project progress.

USERS & CAPABILITIES

Two roles. One connected workflow.

CUSTOMER

Register and sign in

Explore products and categories

Submit and track quotation requests

Accept an issued quotation

ADMINISTRATOR

Manage products and categories

Review customer requests

Set quotation amount and status

View dashboard summaries
